EXPERIENCE

IQVIA – Wayne, PA

Jul 2018 - Oct 2025

Associate Director of Training and Documentation, Mar 2022 - Oct 2025

Managed an international team of 5 employees in three different functions. Increased training effectiveness and reduced training time by implementing an eLearning program and optimizing instructor led courses. Led internal staff development across all teams including sales, product support, and product management.

- Increased team size to 5, coaching an international team of trainers and technical writers to reduce support ticket volume by 20% and increase customer satisfaction by 15%.
- Enhanced user experience by redesigning technical documentation, resulting in clearer instructions and enhanced comprehension for 15+ SaaS user manuals.
- Built successful relationships with 100+ customers during the pre-sales, sales, and post-sales cycles, encouraging retention of information reducing support ticket volume by 20% and also upselling of additional software features for over 10% of our customers.
- Initiated an e-learning program enabling asynchronous learning opportunities adopted by 100% of our customers and increasing satisfaction in over 50% of our international customers.
- Optimized courses for professional education, onboarding, and sales enablement, resulting in enhanced internal team success.
- Streamlined processes as SME across software suite partnerships and for outside vendor integrations.
- Led over 25 interdepartmental projects for software evolution, service delivery, and sales purposes.

Senior Trainer, Mar 2021 - Mar 2022

Initiated the effort to increase team size to meet business needs. Standardized training materials and delivery, reducing customer support tickets by 15%. Migrated technical documentation online to MadCap Flare for faster updates and improved customer experience.

- Developed and delivered in-person and online training on SaaS pharmaceutical regulatory software to customers, and internal development, product management, support, and sales teams.
- Enhanced 12+ Training Guides for pharmaceutical regulatory software, for increased user understanding.

- Increased technical documentation accuracy and comprehension across many versions of 15 software user manuals.
- Managed 25+ successful documentation, training, and software selection projects.
- Resolved challenges for both internal and customer audiences as SME for various aspects of a large SaaS suite.

Trainer I, Jul 2018 - Mar 2021

Jr. Training Specialist, ACUTA LLC (acquired by IQVIA), February 2018 - July 2018

Created training material from the ground-up for 8 SaaS modules and 3 desktop programs enabling customers and reducing support tickets by 15%. Developed internal onboarding and professional development programs for Sales, Product Support, and Product Management groups. Authored user manuals for our software that improved customer satisfaction by 20%.

- Developed and delivered in-person and online training on SaaS pharmaceutical regulatory software to customers, and internal development, product management, support, and sales teams.
- Created 30+ quick start guides and training guides for pharmaceutical regulatory software.
- Authored technical documentation for 8+ versions of 15 user manuals, reducing support tickets by 15%.
- Designed and produced 50+ instructional and marketing videos using Camtasia and Articulate 360.
- Produced regulatory software sales and marketing demos in collaboration with the respective teams.

Delaware County Intermediate Unit – Morton, PA
